

PVER ANONYMVS AB IVDAEIS CAESVS MONACHII.

R. Saad. Pinion. f.

*Quid furis in nostros, recutita propago, nepotes,
Et mactas tenerum, gens scelerata, gregem?
Nullus in orbe locus vestro sine crimine restat,
Iam vestrum, si fas, iret in astra nefas.*

*Quid puon aut infans in te commisit Apella?
In me, scave, virum, si vir es, arma rape.
Colchidas, ô cines, scuasq; necate Megaras
Isaciâum vincunt Thejsala monstra scelus.*
