1st. That will show you friendly,
 In words a man, whose heart is full of hate,
 Who speaks thus to a nobleman.

Now my eyes, Richard, I see you never promised,
 That I should be first shewer of himself.

1st Part of
Henry the Sixth
 ACT II. SCENE III.

The Council of Bourdeaux. Enter Richard, Robert, and the
 English Ambassadors, and the French Ambassadors.

There are his soldiers, whom you thought
 With words to yield, yet still your soldiers fight,
 And with your soldiers' swords you kill your own,
 And so you murder those that should be slain.
